

Season 1941

The key to this file is using the CTRL F function on the keyboard. By pressing these keys together, you can open a search box which allows you to look for the information you require.

One of the main problems in putting the file together is that a number of riders had nicknames or are programmed with their surname as a constant but with different initials or first names. In cases such as this I have added notes to try and give the best information I can as to who I think competed. Again, this may be subject to change as and when new information coming to light.

Any missing information or amendments would be gratefully received.
